- **Data Structures**
University of California San Diego, Coursera
- **Competitive Programmer's Core Skills**
Petersberg University, Coursera
- **Database Management System**
University of Colorado System, Coursera

PROFILE

Aspiring Developer with a passion for building user-friendly web applications. Eager to contribute and learn in a collaborative team environment.

PROJECTS

GYM PORTFOLIO | SEP 2023

- Designed and developed a fully responsive gym website using React, TypeScript, and Tailwind CSS.
- Ensured the website's responsiveness on various devices, providing an optimal user experience.
- Implemented a contact form for user inquiries, enhancing user engagement & communication.

BLOG APP | SEP 2023

- Developed a full-stack application using Next.js and Integrated Mongoose as the ODM to interact MongoDB.
- Implemented authentication system with NextAuth.js, credentials-based and Google OAuth authentication.
- Developed user-friendly registration and login forms, ensuring a smooth user experience. Created a user dashboard for accessing user-specific data.

NEXTUI | AUG 2023

- Designed Dribbble-inspired web platform using Next.js, PostgreSQL providing artists and creators with a space to showcase their work.
 - Built a authentication and authorization for protected routes, and optimized the application for scalability, accommodating growth and maintaining data security.
-

EXTRA-CURRICULAR ACTIVITIES

Corporate Trainer Boot Camp

Koenig Solutions | Jan 2023

- Proficient in Azure, AWS, and VMware with hands-on training experience.
- Demonstrated expertise in Linux operating systems, command-line tools, network and security.

Plantation and Cleanliness Drive

Vrikshit Foundation | Dec 2021

- Led a team in planting 100 trees to promote environmental sustainability.
- Volunteered to organize and promote community engagement and environmental awareness.
